

open summer of code

OSOC.BE
@OSOCODE

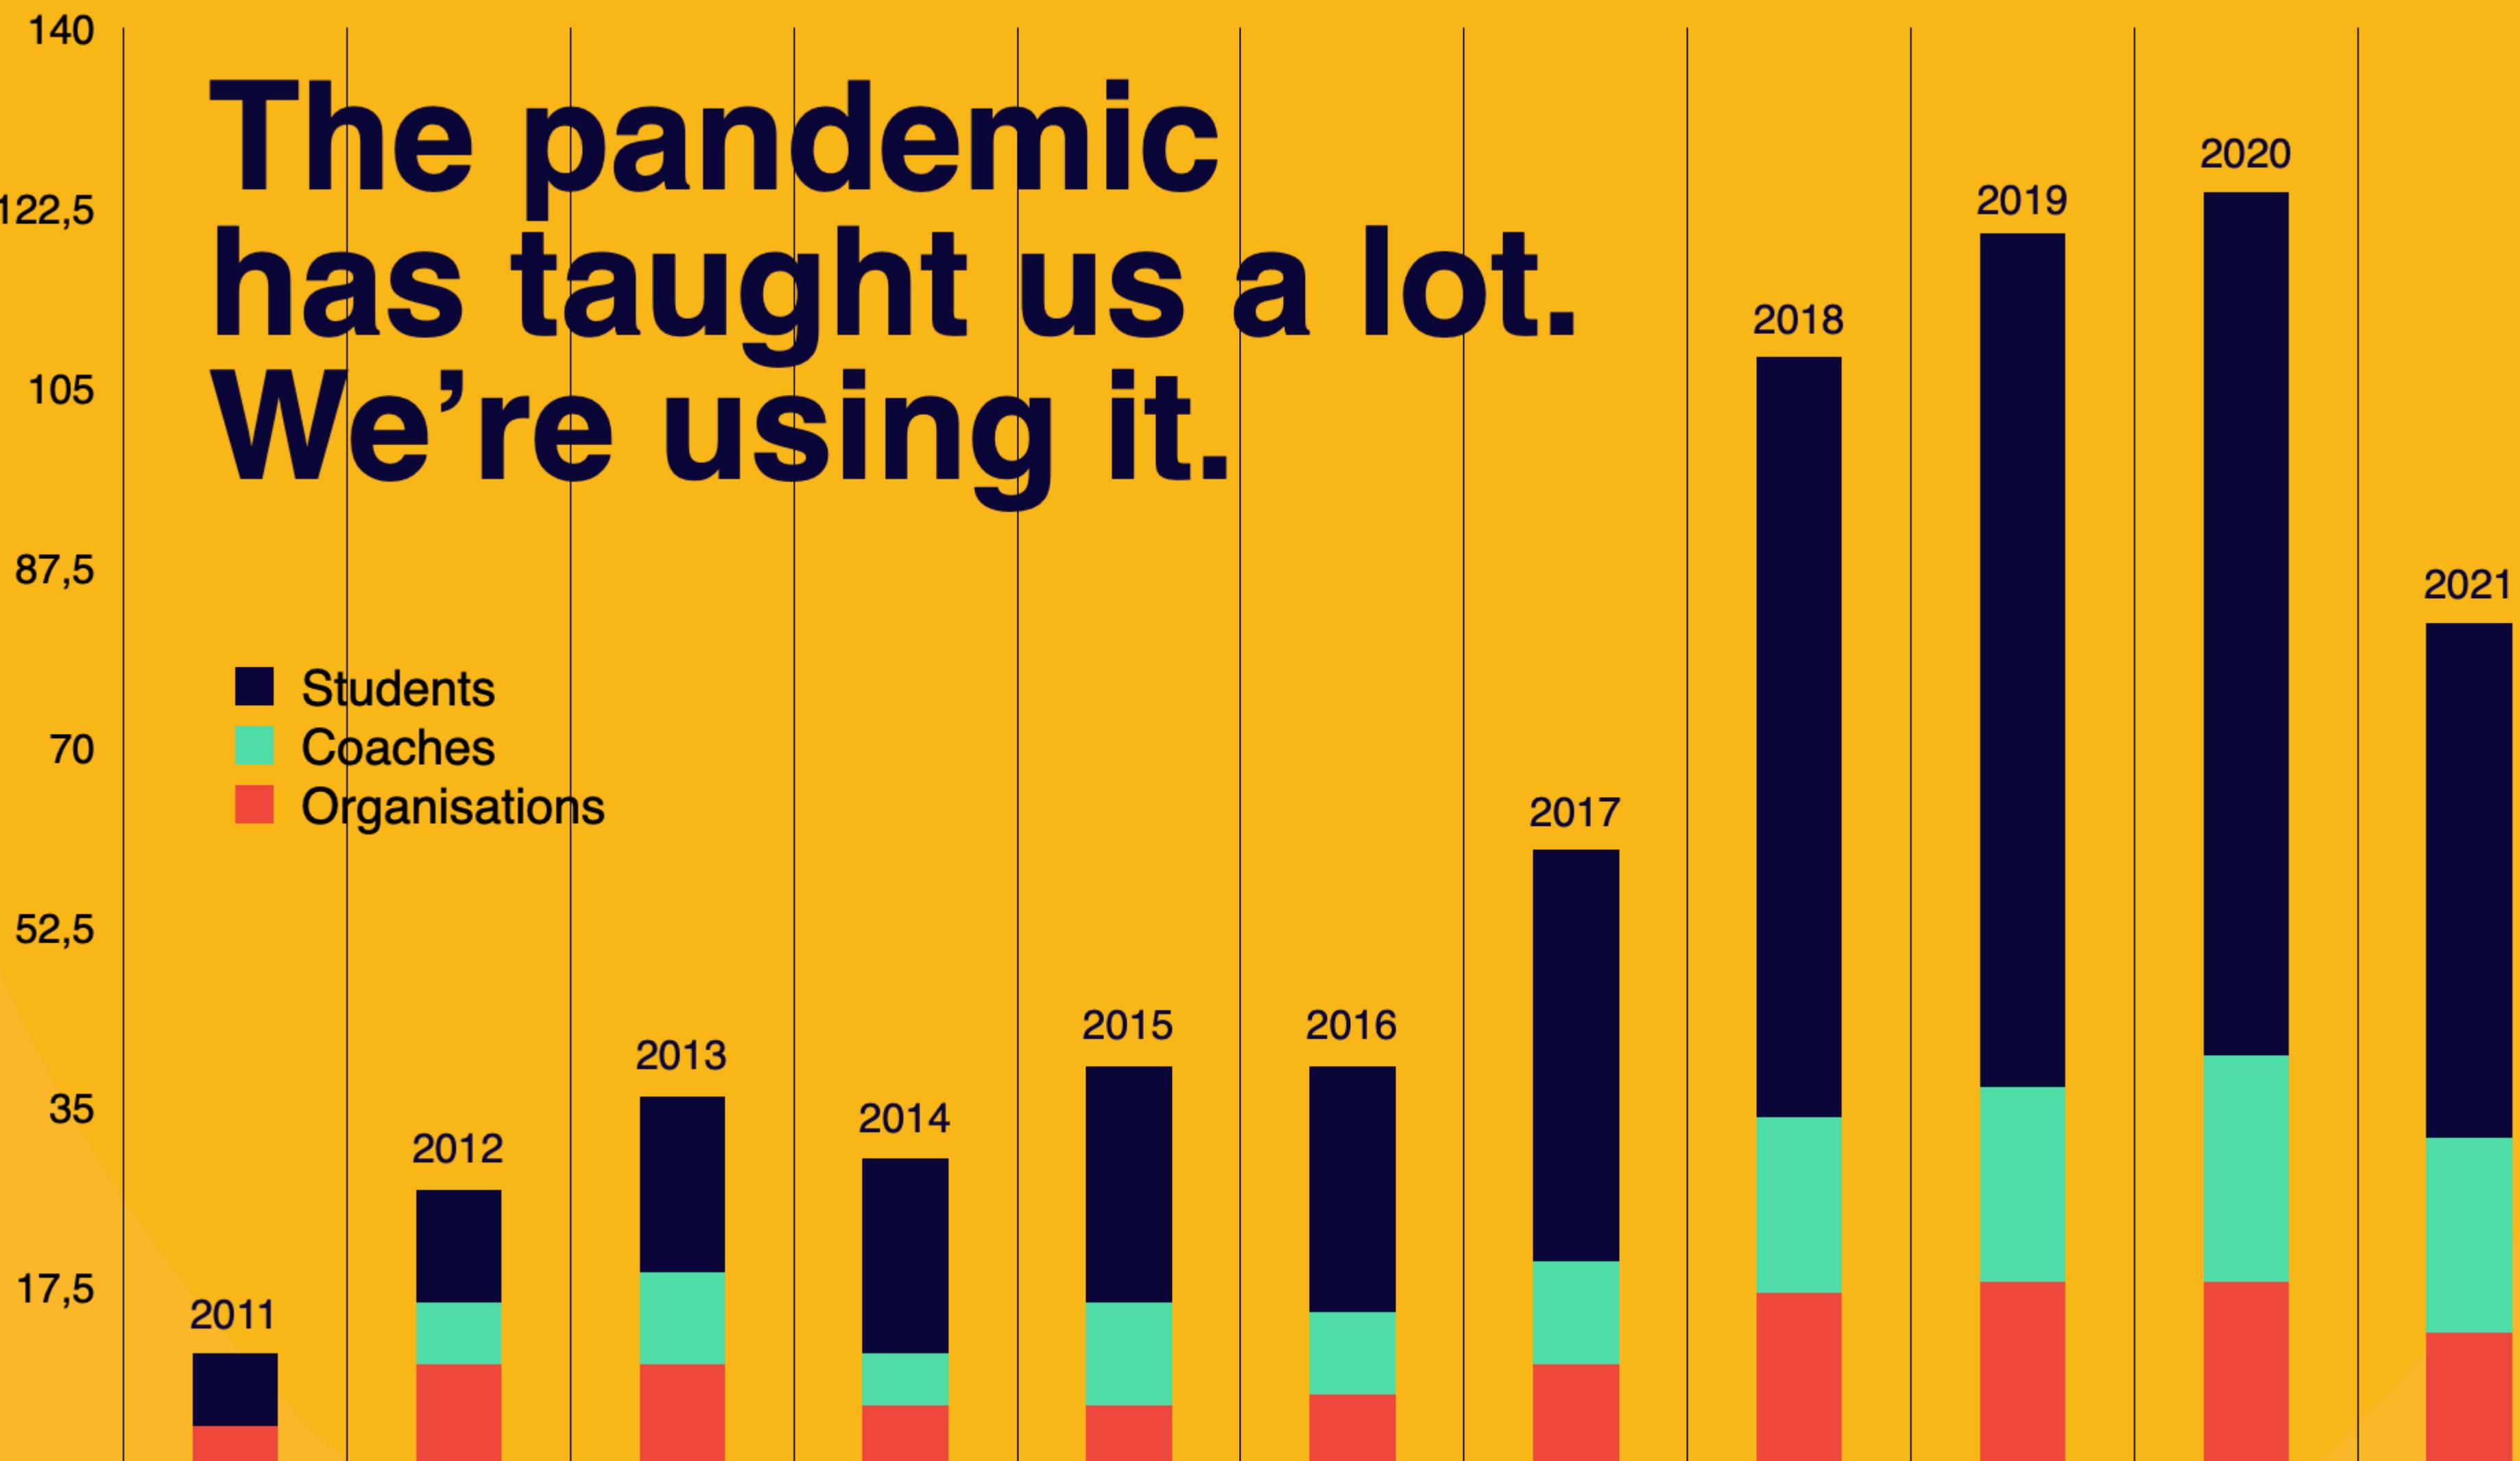

**One month of open innovation
in which skilled **students**
experiment, ideate and build for
your **organisation with the help**
of experienced **coaches.****

12^{TH EDITION}

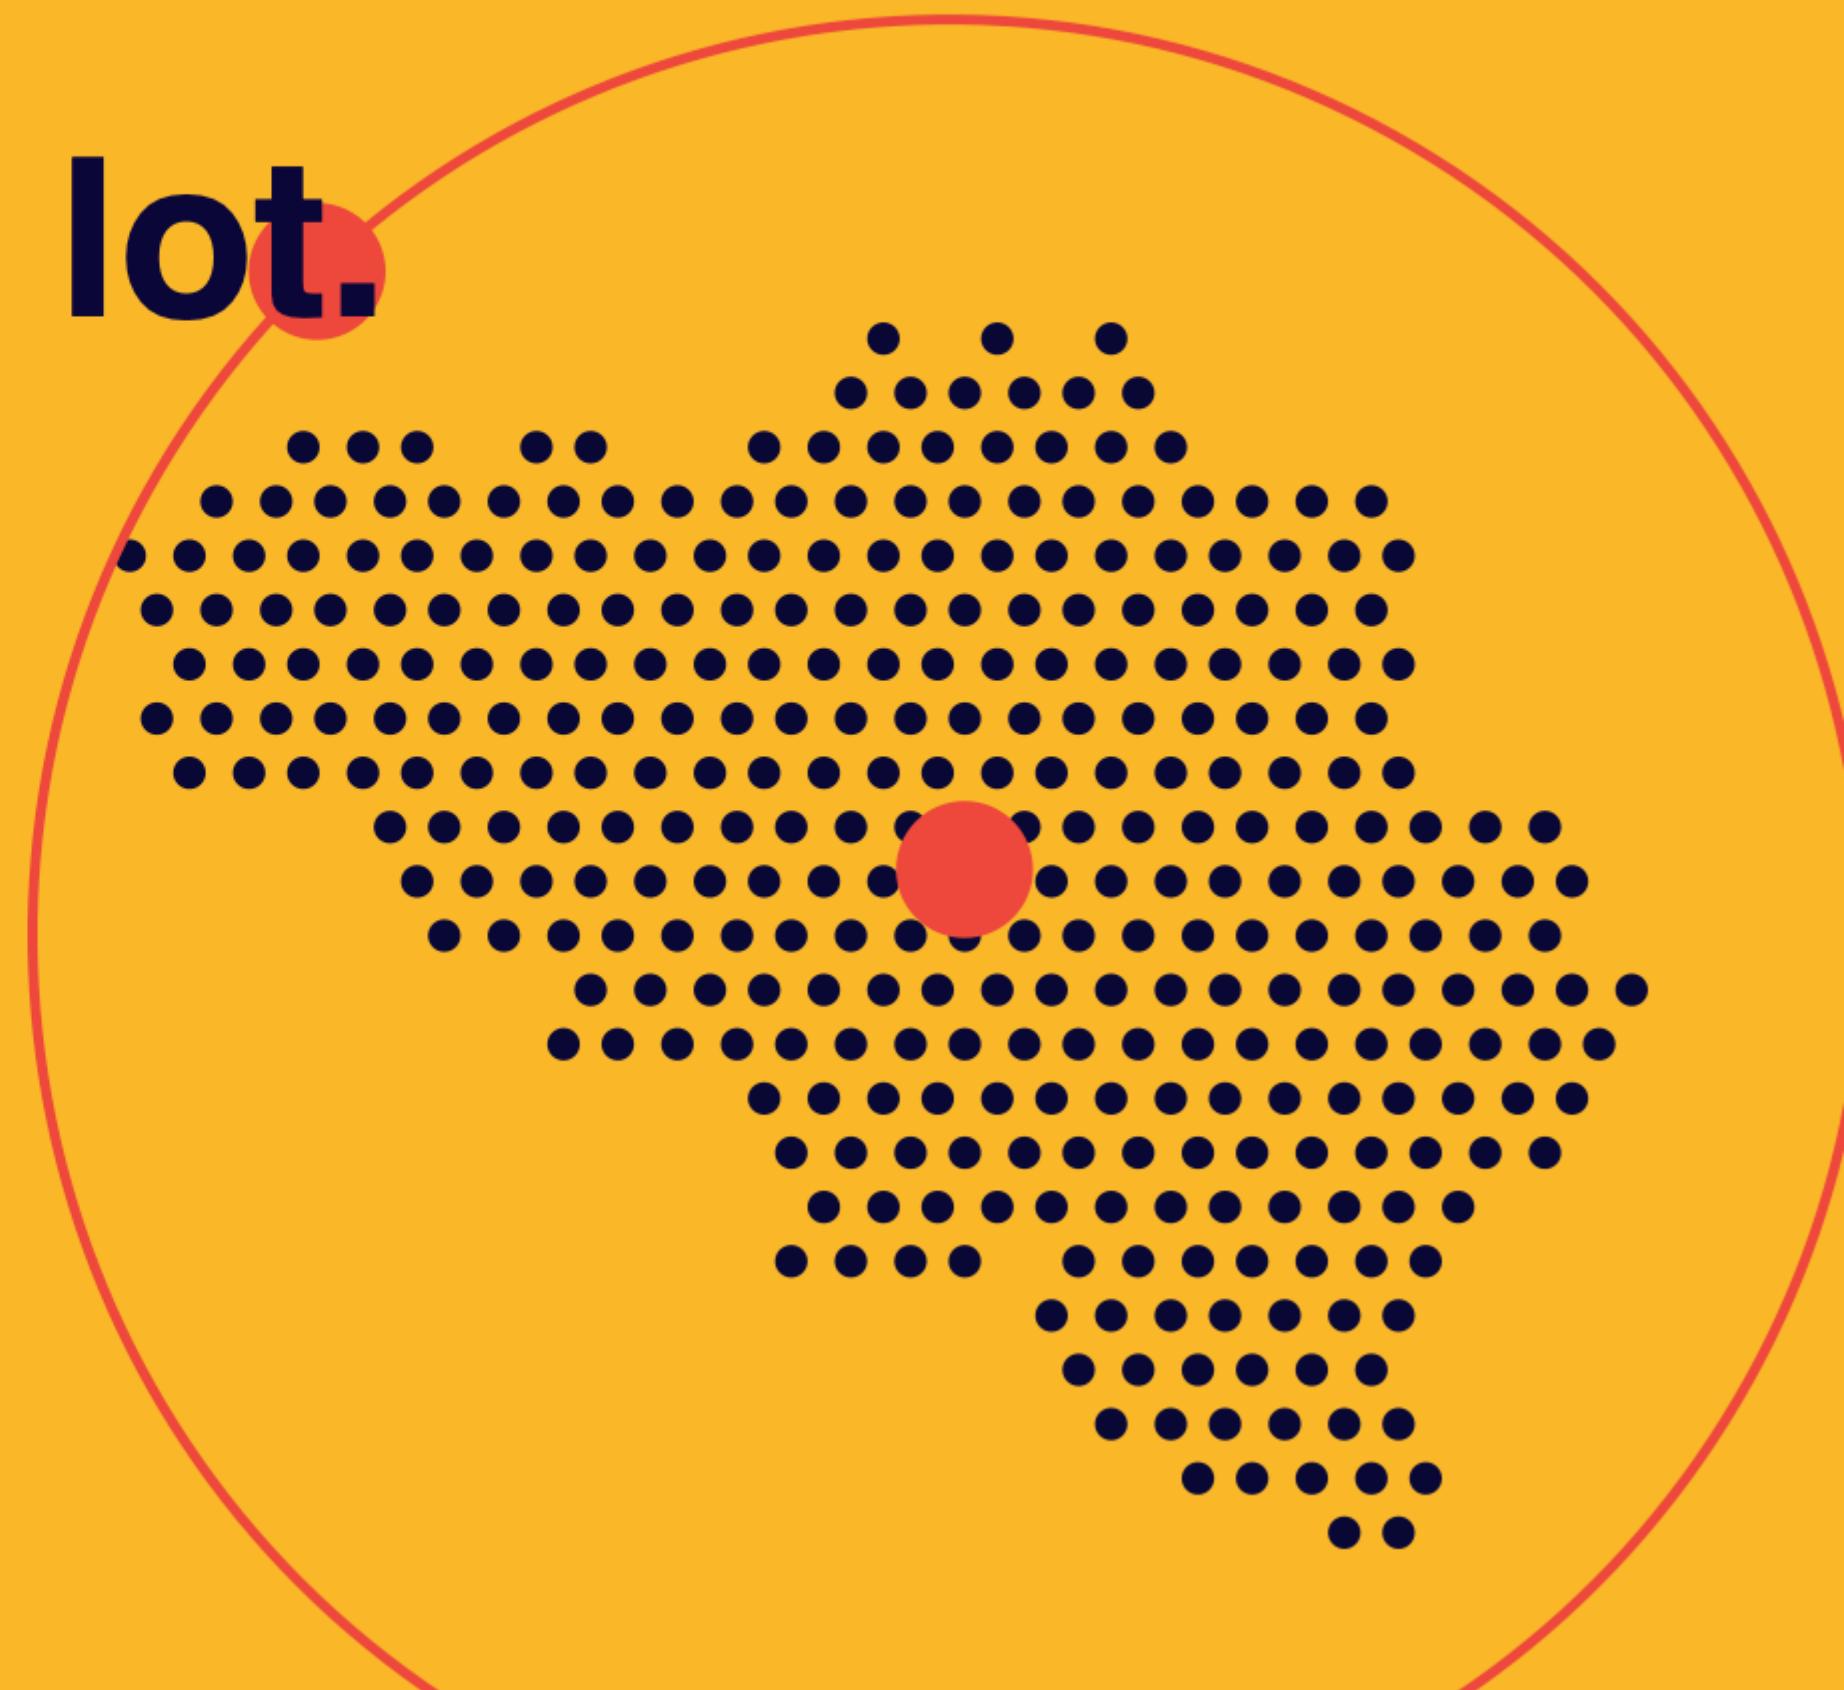

The pandemic has taught us a lot. We're using it.

- Students
- Coaches
- Organisations

The pandemic has taught us a lot. We're using it.

#osoc22 is going to be a *blended* edition. Partly in Brussels, partly remote – reflecting the current professional environment.

We are grateful to have
you here!

Would you be of #osoc?

ORGANISATIONS

Tap into a pool of talent

**Innovative solutions
& fresh perspectives**

**Community, network
& giving back**

Tap into a pool of talent

Get access to fresh ideas from the upcoming generation & innovate together with potential future recruits

Innovative solutions & fresh perspectives

We assemble a diverse team with the most suitable & motivated for your project

Community, network & giving back

You allow students in tech to improve their skills and work on a meaningful project with a social impact

First, we believe in open!
Second, we want to invest in the
future and give young people the
opportunity to work on real
projects.

Third, it gives us new insights
that we might have forgotten.

VERONIQUE

VOLDERS

DIGITAL SOLUTION MANAGER AT
AGENTSCHAP BINNENLANDS BESTUUR

A 4-week hackathon lets
you actually **ship**
something –
it's not just good for
your **image.**

BERT

JEHOUL

INNOVATION AT BOSA DG
DIGITAL TRANSFORMATION

FREDERIK

Having to **guide** others helps
me make sense of how I do
things myself.

1. STUDENTS

Students join for a
paid summer job.

They leave with a professional work ethic & with an understanding of why open matters.

They leave with a professional work ethic & with an understanding of why open matters.

Cross-functional teamwork
To make an idea come to life, together.

Learn from experts & each other
Development, design, marketing, business, ...

Use new tools
Git, Figma, Docker, ...

Learn valuable techniques
Team communication, ideate, brainstorm, ...

They leave with a professional work ethic & with an understanding of why open matters.

Manage a project for a *real* client
Priceless experience

Client meetings,
understand business needs

Take responsibility They are getting paid!

Independence
We encourage taking initiative and *seeing work*

They leave with a professional work ethic & with an understanding of why open matters.

Not reinventing the wheel

Standing on the shoulders of giants

Spreading knowledge to foster innovation

Giving back to the open community

“#osoc taught me things
about the professional area
that no education institution
can teach us”

– ANONYMOUS SURVEY
